RIVER TIME

WELCOME TO RIVER TIME 2022!

The Riverland is a destination that never ceases to wonder. We have a mighty river running through the breadth of our region, and surrounding that, a vast number of attractions, events, and local businesses with so much to offer.

As true Riverlanders, we are so proud to showcase these local businesses and their virtues in this edition of River Time. This publication is compiled by the team at the Murray Pioneer, who are true Riverland locals and are thrilled to share the very best of the best with our fellow readers.

It could not go unsaid, this guide would not be possible without the support of our local businesses, tourism operators, Riverland councils and VIC staff. So, thank you.

We have welcomed many intrastate travellers in 2021, and it's not hard to see why. With our award-winning wines, delicious fresh produce, and popular new distilleries, to five-star accommodation and luxury houseboats, the Riverland has become a popular destination for locals and tourists alike.

And that's just for starters. The beauty of the Australian landscape and birdlife will wrap you in its warmth. Not to mention, the summers are balmy, and the winters mild, so it's a destination for all the seasons!

If you're looking for a place where time slows down, and you can recharge the batteries, the Riverland is the place for you. Around every twist and turn that extends beyond the river itself, there's a new discovery to be made. It is a truly uplifting destination, comprising layer-upon-layer of immersive getaway experiences.

Welcome to our region. Enjoy your stay.

TASTE THE RIVERLAND

The Riverland is a true foodie's haven. The offerings are as diverse as they are delicious. From internationally awarded gin, appetising craft beers, refreshing sangrias and over 200 pubs, restaurants and cafes, the Riverland is full of flavour.

Home to over 900 grape growers, the region has earned a reputation as one of the largest producing areas in Australia, yet it is fast emerging as an innovative region for brews, spirits, and alternative varietals. Many of the local cellar doors and restaurants offer warm hospitality in true Riverlander style,

so be sure to drop in and sample the flavours. Begin your day with breakfast at a river-front eatery with a locally roasted coffee to get you started. Peruse bustling weekend markets where you'll pick up some of the freshest fruit and vegetables you'll ever taste. With an assortment of local produce on hand, including almonds, citrus, medjool dates, balsamic vinegar, preserves and pickles, you'll be sure to fill a picnic basket at a local farm gate store or direct from a producer. Don't feel like cooking? Dine in at one of the local restaurants where

you can try award-winning capers, homemade breads, chocolate-dipped fruit, organic meats, and Murray cod on a local produce platter. There are also winery restaurants with international flair, laid back café vibes, or bistro dining at iconic pubs overlooking the water. On a balmy summer's day in the Riverland, nothing beats a delicious (and highly renowned) Nippy's orange juice direct from the orchard. And at the end of the day, enjoy a cold beer at one of the pubs, a crisp local wine or a cold gin and tonic as the sun sets on the river.

Burk Salter Boutique Winery

Take the time to sample the award-winning boutique wines, in the relaxed atmosphere at Burk Salter overlooking the family vineyards and River Murray. Burk Salter wines are made exclusively from grapes grown on the Salter vineyards surrounding the cellar door. This award-winning winery also offers B&B accommodation, and wine and wetland tours. Open Saturday - Sunday and public holidays - 11am - 4.30pm.

DON'T LEAVE THE RIVERLAND WITHOUT TRYING THE BEST

Eleni's at Mallee Estate

This exceptional Greek restaurant is found on the outskirts of the Riverland's premier food destination, Renmark.

Nestled amongst vineyards and famous for its chargrilled octopus, traditional moussaka and of course lamb souvlakia, Eleni's has been delighting its guests' tastebuds for the last 5 years.

When our family visits a new area, we always ask the locals where the best place to dine is, in this case the overwhelming response was

“you must try Eleni's!”

We were not disappointed.

We arrived early and had a cocktail on the lawn area while the kids played connect four and giant Jenga. I had the gimlet, which was made with a unique Greek gin, that I have never seen anywhere else, called Votanikon. The distinct flavor of the gin made it one of the best gimlets I've ever tried. My husband decided to have the Ouzo tasting flight which gave him the chance to try 4 ouzos from Eleni's

extensive range. I'm so glad we came as a large group so we could share one of nearly everything on the menu. Every dish was exceptional, it was fresh, full of flavour and cooked so well. I have never had such soft calamari. To find seafood like that so far from the ocean was astounding!

We ordered loukamathes, baklava and bougatsa for dessert. OH MY GOODNESS! The serving sizes were huge. I enjoyed the bougatsa which was served with the most stunning citrus syrup, but the kids could not get enough of the loukamathes (Greek donuts).

After dinner we headed into 'The Estate Lounge' where the kids sat on one of the beautiful Chesterfield lounges and played UNO. We grownups enjoyed yet another drink whilst playing darts.

Be warned if you stop in at Eleni's you will not want to leave. There are endless amounts of activities to keep the kids entertained, and an abundance of unique experiences for the adults to enjoy. The food is second to none, the service incredible and the wine was perfection. We cannot wait to come back!

Blanchetown's Lock 1 was named after the Murray's pioneer captain, William R. Randell, who first navigated the river in 1853. Lock 1 opened to river traffic in 1922 as the first on the river system and now serves as an increasingly important feature for its irrigation diversions and recreational boating.

RIVER TIME

RIVERLAND DINGHY DERBY

Originally a wager between two mates, the Riverland Dinghy Derby now attracts global attention because of its iconic Australian nature. The dinghy derby is the purest form of adrenaline, a raw race between tinnies turned into racing machines by average Aussies over a beer in the shed. Local knowledge of the back waters is essential to gain a leading edge, while running the risk of flipping the tinny or coming a cropper on the banks of the river. If watching this race isn't enough, grab yourself a tinny and start prepping it for next year.

Canoe Adventures – Riverland

Imagine gliding through meandering wetlands rich with graceful waterbirds, watched by curious kangaroos. Hire a kayak to paddle one of our self-guided trails, or relax on an enchanting guided tour: sunrise, sunset, short or half day. Quality, stable kayaks and canoes. Basic paddling instructions included. Call Kym to book your adventure.

HISTORY TIME

The Riverland is steeped in history that extends beyond the river itself. At every corner along the road, every river township you enter, every trail you venture and every stream you encounter, there's a new discovery to be made and story to be told.

Stories that date back thousands of years and remain precious today. From our First Nations people, and the geological wonders of an ancient land, to the colonial history of steamboats plowing the waters and wartime accounts, be inspired by the tales of the yesteryear.

LOCKS AND WEIRS

In the 1920s, a series of locks and weirs were installed along the River Murray, used to divert water to the emerging agriculture industry and to improve the navigation of boats along the river.

There are six locks in the Riverland between Blanchetown (Lock 1) and Murtho (Lock 6). You'll find interpretative information at Locks 1-5 along with the barge, Bunyip, located at Lock 5, which explains how the locks were built and how they are operated. Locks 2, 4 and 5 also have free BBQ and picnic areas and if you're lucky, you may even see a boat pass through the lock chamber.

RIVER CROSSINGS

Ferries

Ferries were used to cross the river as early as the late 1800s and were the arteries of life for the region.

Today the remaining ferries make part of the local transport network in the Riverland. These modern, cable ferries operate 24 hours and are free to use. Ferry crossings can be found at Lyrup, Waikerie, Cadell and Morgan with each vessel named after a native bird species.

Paringa Bridge

At the time it was opened in 1927, the Paringa Bridge was one of the most significant early steel bridges in South Australia. Originally designed for road and rail traffic, the historic lift-span bridge and associated railway have played an important role in local communications, especially during times of flood.

The rail section of the bridge has been converted into a pedestrian walkway, with the lift span still operated each day at 9.30am and 2.30pm when boats need to pass.

In the 1920s, a series of locks and weirs were installed along the River Murray

WAR TIME

The Riverland has a rich, ingrained war history with significant links to local industries - still evident in many ways today.

The region played a significant role after both World Wars, with soldier settlement schemes established to repatriate and compensate returning servicemen and their families. The schemes, which offered farming land to returned soldiers, were integral to the growth of many Riverland towns, stamping a long lasting legacy on local agriculture, innovation, culture and resilience.

Take a step back in time at Olivewood Historic Homestead, which was the Riverland home of Charles Chaffey, and today serves as a museum of local history including pioneers and the development of early irrigation systems.

With a focus on early irrigation, steam-powered engineering principles and the unique Humphrey pump in particular, the Cobdogla Irrigation and Steam Museum is a must visit for every history buff.

While at Waikerie, learn from storyboards depicting early irrigation at Federation Park, or see the decommissioned Worthington steam engine at Pioneer Park. Loxton has a similar series of storyboards through the median strip on East Terrace. Relics of historic irrigation are found scattered throughout the Riverland with decommissioned pumps on show in many Riverland towns.

CARAVAN PARKS

If you have a caravan in tow, there are plenty of popular caravan parks in the region, often being located close to the river in the best spots. Options include drive caravan and

camping sites, cabins, eco tents and glamping. Many offer a swag of facilities for kids including pools, jumping pillows, games rooms, playgrounds and more. Public campgrounds and RV parks are also available in most Riverland towns. If you're looking for a rugged, off-the-beaten track experience, how about a night or two at one of the region's national parks? Each park charges a nominal nightly camping fee and you can even book online to reserve your favourite site.

NATURAL INDULGENCE

Seeking something luxe? Stay in one of the Riverland's award-winning villas or retreats to indulge in the very best the Riverland has to offer. The Frames luxury accommodation features three self-contained retreats, each with their own private pool, overlooking the Murray River. “Caravan parks are popular options in the region, often being located close to or as close as you can get to the river, and Riverland parks are some of the best in SA.”

LOCAL PRODUCE ORANGE MERINGUE TARTS

INGREDIENTS

FOR TART CRUST

2 1/2 cups white flour
150g butter
1/2 cup white sugar
1 cup ice cold water
1/2 teaspoon salt

FOR ORANGE CURD

2 eggs
6 egg yolks
1 cup white sugar
200g butter
4 tbsp corn starch
Zest of 2 oranges
Zest of 2 lemons
1 1/2 cups orange juice

1/2 cup lemon juice
1/2 teaspoon salt
2 drops red food
colouring (optional)

FOR CANDIED ORANGE

1/2 orange
1/2 cup white sugar
1/2 cup water + extra
for boiling

FOR MERINGUE

3 egg whites
1/2 cup white sugar

METHOD

MAKING TART CRUST

1. Add flour, salt and sugar to a bowl
2. Cut butter into cubes and add to bowl, lightly coating in the flour mix.
3. Using a fork, cut butter into small chunks and incorporate with the flour until a consistency similar to breadcrumbs is reached.
4. Add water, one tablespoon at a time, and mix until dough just begins to form (it may take a little more, or less than a cup).
5. Turn dough out onto a floured surface and knead for 5-10 minutes until smooth.
6. Wrap tightly in cling wrap and store in fridge until ready to use (or at least 30 minutes).

MAKING ORANGE CURD

1. Fill a small saucepan with a few inches of water and heat on medium. Cut the butter into cubes.
2. In a large bowl combine eggs, yolks, sugar, salt and corn starch. Whisk to combine until sugar begins to dissolve and the mixture becomes light and fluffy.
3. Add citrus zest, juice and food colouring, then mix to combine.
4. Place bowl on top of saucepan (although water in saucepan should not be touching the bottom of the bowl) and cook while stirring.
5. After around 10 minutes the foam on top will start to disappear and the mixture will start to thicken.
6. Remove from heat and add butter one cube at a time, stirring to make sure each cube is fully melted (the curd will continue to thicken as it cools).
7. Store in a jar in the fridge (leftover curd will keep for a few weeks).

MAKING CANDIED ORANGE

1. Bring a small saucepan of water to boil over high heat.
2. Slice orange and add to water. Boil for 15 minutes, drain, rinse with cold water and drain once more.
3. Add sugar and remaining water. Cook for 15-20 minutes on a medium heat until sugar has dissolved and the liquid thickens, but does not colour.
4. Remove from heat and let cool.

MAKING THE MERINGUE

1. Allow egg whites to come to room temperature (you can use the leftover whites from the curd). Add to a bowl with sugar.
2. Using a hand mixer, beat on high speed until stiff peaks form (approx. about 15 minutes).

MAKING THE TARTS

1. Preheat oven to 200°C. Grease a muffin pan with butter, line with baking paper and grease the baking paper.
2. Remove dough from fridge and roll out to be about 1 to 2cm thick. Using a saucer or small bowl, cut circles from dough and place in the muffin pan.
3. Poke the bottom of each tart crust a couple of times with a fork, then bake in oven for 10-15 minutes until just beginning to colour.
4. Remove crusts from oven and let cool. Increase oven heat to 220°C.
5. Fill each crust to the top with orange curd mix and then divide meringue mixture on top.
6. Return to oven and bake for 4 to 5 minutes until meringue becomes golden.
7. Top with candied orange and serve.

Most parts of this dessert – such as the dough and orange curd – can be prepared the day beforehand and then assembled before baking for an easy end to a party or family gathering. Also save the extra egg whites from the curd to use later in the meringue mix.

Incorporating a variety of Riverland citrus to create a twist on the classic lemon meringue pie dessert. High levels of sweetness from the caracara orange give the filling a flavour similar to sherbet.

ME TIME

The Riverland is the place to immerse yourself in nature and unwind on river time. The only sounds you need hear are the bird calls and sultry sounds of the Australian landscape.

One of the best ways to enjoy the region is to go with the flow, to relax and to reconnect. The natural surrounds will help with this, as will the fresh air, crisp night skies and refreshing river water.

If you love painting, escape to the mallee scrub with your easel and lap up the majestic colours of the region with your brush. Or, to admire other works, there are some historical sculptures and art trails to explore.

Start your mornings with a freshly brewed coffee at one of the local cafés and head to the always nearby river or lakefront. These areas have been designed with you in mind, with shaded areas, water views and picnic areas to enjoy. Also great for

people watching and appreciating the beautiful riverscape, switch off your phone and just enjoy the awe-inspiring wonders of the Riverland. You can indulge in the natural environment, or you can be pampered by booking yourself in for a treat with one of the region's award-winning beauticians, hairdressers, spas or massage therapists. Make the most of your time here by catching up on essential treatments, or simply relax with a massage or facial.

Or, if you prefer, there's pilates, yoga and meditation classes, and even a self-guided session – local parks and riverfront spaces lend themselves perfectly to this and the view will have you feeling zen in no time.

For those who need some serious retail therapy, each town has its own shopping precinct with a mixture of chain stores and locally owned retailers. As well as fashion, you'll

find a great range of homewares and gift ideas, art, crafts, health products and more. Local Visitor Information Centres often stock locally produced foods, handmade crafts, and souvenirs for those looking for something special to take home.

TRAVELLER'S GUIDE

GETTING HERE AND GETTING AROUND

Whether it's a weekend away from Adelaide or travellers venturing along the River Murray, most visitors to the Riverland arrive by car.

There is a public transport service operating between Adelaide and the region, as well as between major towns, but as there is so much to explore away from the townships - having your own vehicle is recommended. If you're here without one, ask a local Visitor Information Centre to help plan your days to suit local bus timetables, or put you in touch with car rental operators.

For those having a night out, there is a fleet of licensed taxis, which also have small buses and can be booked in advance. With watering holes in each Riverland town, there's no need to travel too far for a drink or two.

If you're lucky enough to be touring the region by boat rather than road, there are public moorings for houseboats and small vessels so you can re-stock on supplies, dine or shop.

VISITOR INFORMATION CENTRES

Riverland's five accredited Visitor Information Centres are located in most major towns within the region, and should be a first port of call for information and advice on navigating the local area. Look for the blue and yellow  to find friendly local staff, with excellent knowledge of the local region who can tailor your time to suit your interests. Open seven days, including most public holidays - Visitor Information Centres are also a hub for local produce and souvenirs. Make sure you visit each as you travel around the region.

SERVICES

The Riverland is well-known for its country hospitality, and locals will always try to help you out in your time of need. Even the best-planned trips can sometimes go awry – so don't worry, just ask for help!

Don't let the small town appearance fool you; the Riverland is well regarded for its professionalism and service. Whether you're looking for a mechanic, a hairdresser, healthcare provider or vet – you'll find some of the best right at your door.

The Amazon Run Shuttle Bus Service

The Amazon Run bus has recently added to its services to offer "all year-round food and wine festival" tours. Take the stress out of your outing and jump aboard the Amazon Run bus and be chauffeured to wineries and venues throughout the region for groups of 10-20 people. Open Wednesday to Sunday. Group bookings welcome and after-hours services available.

WATER SAFETY

Water safety is absolutely paramount in and on the Murray River and Lake Bonney, and anyone that uses the river must understand and be aware of the dangers.

It is always strongly recommended that children wear life jackets near and around water at all times.

New regulations regarding the wearing of life jackets came into effect in December 2017 and all boaters need to know what to do to make sure that they and their crew comply.
